06/18/07 - Winchester, VA - Own the Zone Sporting Goods, LLC today announced that the OTZ band vibration dampeners are being successfully used by several top young players in Israel.

“The Israel Tennis Center Academy players have found the OTZ bands a great alternative to the traditional vibration dampeners for tennis.” said Peter D. McCraw, ITC Director of Player Development. “There is a significant difference in the sound off the strings with the OTZ bands. The best endorsement any product can have is from the players themselves. After trying one, they just keep coming back for more! So my advice is try one.”

Top Israeli junior star, Julia Glushko started using pink OTZ band dampeners on her racquets in February. Since then she has won three tournaments in South America, qualified for Israel’s Fed Cup team and seen her ITF junior ranking soar from #66 to #11 in the world.

The **Own the Zone (OTZ)** band vibration dampener significantly improves upon the band solution used by several of the world's Top 10 ranked tennis pros. Called the "World's Best Vibration Dampener" by **Tennis Warehouse Australia**, the colorful OTZ band dampeners are light, superbly reduce vibrations, and stay firmly attached to the racquet. **Tennislife Magazine** calls the bands "durable, shock resistant and the only dampener that transfers vibration energy away from the strings and racquet."

The OTZ band dampeners are available in two types of packaging. You can order a Bucket-of-Bands containing 48 two-band packets, with 8 different colors in each bucket. You can also order a box of a dozen three-band blister packages, 6 Black/White/Red and 6 Yellow/Green/Blue.
